

## Case Study Recommendations:

<https://www.surveymonkey.com/r/ECEE-Case-Studies>

Follow the link. The deadline is Fri., Sept. 24, 2021

# Instructions

Case Studies & Best Practices (ECEE Track 3) will develop case studies and identify best practices based on programs and initiatives that have been successful in addressing equity. This working group will become a channel to identify great case studies and best practices to accelerate the transition to a more equitable clean-energy future.

This survey tool (<https://www.surveymonkey.com/r/ECEE-Case-Studies>) allows you to indicate topics of interest to you and to also submit up to three examples (or ideas or leads) for programs or initiatives that have successfully addressed equity and that could be showcased as case studies. Based on this input, content will be created, including webinars, papers, and educational media.

THIS ROUND OF SUBMISSIONS WILL END ON FRIDAY, SEPTEMBER 24TH, 2021. Be sure to click "Next" at the bottom of each page to save the page. If you are interrupted, you may return to the same position using the same device.

You will first identify yourself. Then there are two parts. You may complete Part 1 or Part 2 or both.

- First, tell us about your general preferences regarding "topics of interest" for case studies.
- Second, provide successful programs or initiatives that could be developed into formal case studies (or which already exist). Part 2 is repeated two more times (i.e., pages 3, 4, and 5 are the same) to allow you to submit up to three successful programs or initiatives.

If you have questions about this online survey, contact DEFG's Nat Treadway at [ntreadway@defgllc.com](mailto:ntreadway@defgllc.com).
